Acting Secretary
Federal Communications Commission
Washington, D.C. 20554

Re: MM Docket No. 94-70
Channel 289A, Sampit, South Carolina

Dear Mr. Caton:

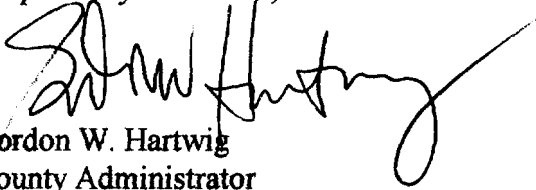

This letter is being submitted in support of a Petition for Reconsideration filed on behalf of Sampit Broadcasters that has requested that the FCC allot new commercial FM channel 289A to Sampit, South Carolina. I am informed that the FCC, on July 19, 1996, released a "Report and Order" [No. DA-1149] that refused to allot the new FM channel to Sampit and that Sampit Broadcasters is attempting to persuade the FCC to reverse its decision.

I have reviewed a copy of the Report and Order and find it to be based on an erroneous assumption. The FCC noted the receipt of my previous letter attesting to the existence and viability of Sampit, but dismissed my letter by stating that "no nexus has been demonstrated between most of these entities and the community of Sampit."

It is astounding that the FCC would make such an *ad hoc* determination without ever having visited the community, while rejecting evidence provided by a person with intimate knowledge of the existence and viability of the community. Contrary to the FCC's opinion, Sampit is a community that deserves to have its own radio station. Even the State of South Carolina some years ago installed identification signage on the major roads to designate the Sampit Community. Sampit Broadcasters is willing to establish such a local station at Sampit, and I believe their request should be seriously considered by the FCC. I reaffirm my previous statements to the FCC in my letter of October 17, 1995.

Please reconsider the decision in your Report and Order, and allot FM channel 289A to Sampit, South Carolina.

Respectfully submitted,

Gordon W. Hartwig
County Administrator
